

FOOD TRUCK

TouchBistro Food Truck iPad POS System:

Your POS should be mobile too.

LINE BUST

WHEN IT COMES TO CONVENIENCE, FOOD TRUCKS HAVE REINVENTED THE WHEEL.

They service their customers anywhere and at any time... so why operate the business on a dated POS system that can't keep up? TouchBistro Food Truck iPad POS System allows food trucks to **line bust and mitigate rushes by taking orders and processing transactions mobily**. Make the most of limited space and service hours by using a sleek POS system.

Get **smart features** that work

Quick Register

Create efficiency and serve your customers faster with the Quick Register feature. Built for speed, TouchBistro allows you to utilize a variety of quick buttons to eliminate steps and save you time.

Fast, Local Solution

No Internet connection? No problem. TouchBistro works with 4G/LTE cellular routers and Bluetooth printers for a truly mobile experience.

Modern Payment Processing

Debit? Credit? Gift cards, mobile, cash? Yes, yes, and yes! Provide flexible payment options through TouchBistro and allow customers to settle their bill as they wish.

Cloud Reporting

Get real time insight into your food truck - anywhere, anytime, across any device. With TouchBistro's hybrid solution that leverages the convenience of the cloud, you can remotely access beautiful reporting dashboards that will help you visualize your food truck's performance. Use cloud reporting to compile all financial information, making tax-time reporting a breeze!

Line Busting

Embrace flexibility! Is your truck slammed? Get out of the truck with your iPad and use TouchBistro's line busting features to work the line and process customers' orders instantly.
